

- “Relocating to a new, unknown area is quite overwhelming unless you have a “great guide”...Bob went to bat for us...negotiated complete repair of pool...Bob Whigham treated us respectfully and I would not hesitate to call him again. K & N L
- “...Bob explained the buying procedure to where we could understand it. He made sure we did not miss a step...he made sure he knew what we were looking for in a house...our house fits us perfectly” J & S Y
- “Quinn and I really appreciated all the time and patience you invested in us. You helped us find the perfect starter home and we couldn’t be happier...you were very professional and always organized...I would recommend you to anyone looking for their first or lasts home...” K & Q C
- “Bob is a great guy who knows the market.” BH
- “Jason and I had a great time working with you-and we would certainly recommend you to anyone we know looking for an agent...and you help us find the perfect home.” L & J C

- “...I really appreciated the time and patience you gave us. We learned a lot from you. You answered all of our questions...you helped us determine what we needed, what we really wanted, and what we could afford...we are very pleased with the house and the transaction was so easy we could not believe it was done.” RH

- “...I have dealt with over 100 agents and you are by far the best, thanks for keeping after me when I called you years ago about that shotgun house over in east Dayton.” JK
- “From the moment I first spoke to you on the phone, through, to after the close, you were professional in your work and eager to help me at every step along the process. You took the time to ensure the details were taken care of, and showed me that you really care about the process. For that level of service, and all that you did, I thank you.” GM
- “You were everything we could have hoped for. You were honest, blunt, funny, and very informative. You prevented us from making a huge mistake with the first home we wanted. Any other realtor would have let us overbid and bought a home with negative equity. You were able to help us understand why it would be a mistake and helped us to move on. After almost thirty homes we found the perfect one. You stuck through it with us, listened to our needs (and wants) and never let us down.” D & A C
- “...I contacted you as a last hope and within 3 days you had 2 offers on my house, when after a year and a half, we might have had 2 people even look at it. I can’t thank you enough for helping us relieve that burden. We really appreciate your time and effort.” K & R H
- “I want to sincerely thank you for all your work that went in to the seeing of my home. I know you did an excellent job in selling my home this past summer in a difficult housing market and failing economy in the Dayton area. You worked very hard in getting a lot of people through the property to get it sold. Also remained very positive about the prospect of selling the hose in possibly three months or less and it came very close to that deadline...I would gladly and highly recommend Bob Whigham to anyone interested in selling their home. M & M G
- “...how much we appreciate all the help you provided in the process of purchasing our home. We especially are thankful for the help you have us even after the purchase was complete. It was nice having someone we knew who was on our side and working for us, the buyer.” C & H W
- “...There. To me, are two things of importance that stand out when doing business. Those are honesty and professionalism. You, my good friend, had both.” JR
- “Thanks for your services. I had a property that had to move quickly and for the best possible dollar. You came through when I needed you. Thanks again for a job well done!” BT
